

'I really think today will increase our use of dance and the confidence of the teachers to deliver the subject. Thank you for a very successful day.'

Head teacher at Godinton Primary School

**The
Right Step**
Dance Company

Professional Development for Primary School Teachers

The Right Step Dance Company was set up to develop dance in Medway and the surrounding areas. It now provides dance teachers for classes, clubs and projects for the council and in Schools, Children's Centres, Care Homes and for other organisations across Kent. Its Professional Development program was developed and is provided by experienced dance professionals that currently work as dance teachers and performers. The courses are taught in your setting and are tailored to your school's needs.

Dance: A Cross-curricular Approach

This full day of dance will increase teacher's confidence when teaching cross-curricular dance and give them the tools and dance methods to develop their pupils dance skills. They will learn how to use the choreographic flowchart to enhance the teaching of all subjects through practical exercises and theoretical discussions.

Includes all 5 modules and An Introduction to Pure Dance. A resource pack will be provided to every teacher that takes part and two extended resources disc will be provided to the day's organiser or school's Head Teacher.

An Introduction to using dance as a cross-curricular tool

This 3 hour long, half day of training will be tailored to your school and will contain 2-3 of the modules. You may choose to run the full day across two half days or to introduce some of the cross-curricular ideas. The consultants will discuss this with you beforehand.

Resource packs will be adapted to suit your training and will be provided to every teacher that takes part. Where appropriate two extended resources disc will be provided to the day's organiser or school's Head Teacher.

2 hour Cross-Curricular Dance Modules

There are 5 cross-curricular dance modules, Inspiration, Exploration of the Idea, Choreograph the Motif, Motif Development, Choreographic Development. They all interlink, but we can teach them in individual sessions or you may choose the one(s) you would like us to teach.

Resource packs will be adapted to suit your training and will be provided to every teacher that takes part.

Dance Workshops for Teachers

Fun Fizz and Pure Dance Workshop

A really enjoyable 2 hour long workshop to guide teachers into teaching Fun Fizz (short dance sequences to get children moving at any time and in any place) and Pure Dance (how to choreograph dances to teach for projects such as Big Dance, Make Chatter Matter, school fetes or performances).

One Year On...

'Many of our teachers have increased in confidence since the course, and especially are more willing to let the children 'shape the dance'. There has been a definite increase in creative dance, allowing more cross-curricular links to be made. I would say that the children enjoy it more as there is no right or wrong way to do it.'

Lisa Crowfoot, Godinton Primary, September 2012 (1 year since their Dance: A Cross-curricular Approach CPD day)

Prices

More Testimonials

'It was fabulous, a really valuable experience. The way I teach dance now is how you taught us to then.'
Louise Cooper, two years after taking part in our CPD, Dance: A Cross-curricular Approach at Godinton Primary School.

'The group activities took the pressure off those less confident.'

'Great ideas to develop themes within topics. It was really good the way that staff joined in and worked as teams. Lots of food for thought!'

'Lots of learning in a variety of ways was a very good element of the day.'

'It was a good team building experience!'
